

We've got lots going on this week.

There is a Nutrition Mastery Implementation session this Saturday. See the information below if you'd like to join us.

And several more meetings for those in the courses.

Keep your friends warm and healthy!

Every month the Become Your Own Vet Group offers a quiz for their certification. You can check out the quiz and then the answers [here](#).

Enjoy!

Blog Highlights

Cats with Extra Toes

Dr. Jeff Grognet

Cats can have extra toes. Sometimes they cause problems. See what to do.

When They Scoot - is it Worms?

Dr. Jeff Grognet

Dogs and cats sometimes drop their butts and pull their butt along the ground. Are these worms? See why people think so and the way to treat this yourself.

Quote of the week

Owners of dogs will have noticed that, if you provide them with food and water and shelter and affection, they will think you are God. Whereas owners of cats are compelled to realize that, if you provide them with food and water and affection, they draw the conclusion that they are God.

- Christopher Hitchens

News - More info on the Bird Flu and Cats

This release from the Cornell Feline Health Center gives some facts about the recent issues with this virus and cats.
