

Hello from Dr. Jeff and Lino!

We thought we'd send out the regular newsletter today, but want to tell you about a new program that we'll unveil Friday. If you want to follow a holistic path with your pets, this will be the answer. Look for the email in two days!

Now back to our regular programming.

Two new blogs . We get the question regularly - can we give cats CBD. The short answer is yes but check it out.

The other is dog behavior. A fairly regular occurrence is two dogs fighting - kind of like two 4-year-olds having a battle if you leave them with a stick each. Find out what to do when dogs don't get along.

Also, Dr. Jeff was interviewed for a masterclass. Check it out below. Starts Dec 6th.

In the news - a class action lawsuit based on the drug Librelva. A reason not to use it.

Keep your pets healthy!

What to Do When Dogs Fight

You need to know what triggers the fight between dogs that should be friends. It isn't always that obvious as you'll see in this webinar. If you need help with dog behavior, check out the resource video at <https://keap.page/lg403/find-out-how-to-help-my-dog.html>

Is CBD safe in cats?

There are lots of studies in dogs, but not that many in cats. See what the results were when CBD and THC were given to cats.
